Data archiving is used to remove mass data from the database that is no longer required in the system but must be kept in a format that can be analyzed. The following table shows the available archiving objects and their ILM objects:

SAP Help Portal

An archived audit plan can no longer be reopened or worked on. An audit plan can be archived in two ways: If a released audit plan has never been copied, you can archive it manually by choosing the Archive button. If a released audit plan has been copied to a new draft plan, it is automatically archived when the draft plan is released.
